

Dan Maoz, Tel-Aviv University,

is looking for excellent MA/PhD students for observational work
in the fields of:

Supernovae

Gravitational Lensing Studies of Galaxy Clusters

Microlensing Searches for Extrasolar planets

Active Galactic Nuclei

See NASA/ADS for examples of recent work led by my current and
former graduate students.

Prof. Dan Maoz, Astrophysics Department Chair
School of Physics and Astronomy,

Tel-Aviv University, Tel-Aviv 69978, Israel

Tel. +972-3-640-8538, Cell. +972-52-468-1489
